

Key features of our

Co-operative Bank Cash ISA

The Financial Conduct Authority is the independent financial services regulator. It requires us, The Co-operative Bank, to give you this important information to help you decide whether our Cash ISA is right for you. You should read this document carefully so that you understand what you’re buying and then keep it safe for future reference.

Our Co-operative Bank Cash ISA offers instant access through multiple ways. You can manage your tax-free* savings via online or mobile banking, by calling us or by visiting any Co-operative Bank branch or your local Post Office[®] – allowing you to save whenever and however you like.

Please read the account summary information found in the summary box below. For full details, you should also read its terms and conditions.

What is a Co-operative Bank Cash ISA?

- It's a deposit account, paying a variable rate of interest.
- An Individual Savings Account (ISA) is not an investment in its own right, it's a tax-free* wrapper in which you can hold your money to protect it from income and capital gains tax.
- Because of the tax benefits of ISAs, the government has set limits on the amount you can invest in an ISA in each tax year** – see the following pages for details of the ISA investment limits.
- To open an account you must be a UK resident aged 18 or over.
- Accounts must be opened in a single name only and cannot be opened as a joint account.

How do I pay into the Cash ISA?

You can use your account number and sort code (contained on your welcome letter or available through online and mobile banking) to pay in by:

- Standing order.
- Direct transfer from another Co-operative Bank account or another bank account.
- Depositing cash and cheques at a Co-operative Bank branch.
- By sending a cheque through the post.
- Depositing cheques at any Post Office® branch.

How do I take money out?

You can have access to your money at any time by the following methods:

- Online transfer.
- Electronic transfer by online, mobile or telephone.
- Banker's cheque by telephone banking or in branch.
- Over the counter.
- Please note: This is not a flexible ISA so any withdrawals of capital cannot be replaced.

How much can I pay in?

- The minimum amount needed to open a Cash ISA is £1 and you can make further deposits at any time.
- The maximum you can pay into the Cash ISA if using your annual ISA allowance is £20,000 per tax year** less any amount you have already contributed to a stocks and shares ISA, innovative finance ISA or Lifetime ISA.
- If you do not place any money in your account during a tax year**, you will need to contact us to make a new declaration should you wish to make a deposit in the following tax year**.

What interest will I earn on my money?

- Interest is calculated daily on your cleared balance and credited to your account annually on 5 April.
- Interest rates will change from time to time to reflect changes in short-term interest rates generally and, in particular, the Bank of England base rate. We will always notify you of any changes. Please see the terms and conditions for notification time frames.
- The Co-operative Bank website displays the interest rates – go to [co-operativebank.co.uk/savings](https://www.co-operativebank.co.uk/savings). If it's more convenient call us; see 'How to contact us' or visit your nearest branch for our latest rates.

What else do I need to know?

The following sections contain important general information about ISAs that you should also read alongside the product information, before applying for a cash ISA with us.

To save in a cash ISA you must be aged 18 or over and be resident in the UK.

You cannot pay into a cash ISA with us if you have already paid in the full annual ISA allowance in this tax year**.

What is an ISA?

Individual Savings Accounts (ISAs) were introduced by the government to encourage more people to save for the future. To help with this, ISAs are tax efficient, making them a very effective way to make your money grow.

This favourable tax treatment depends on the individual's circumstances and may be subject to change in the future.

There are different types of ISA - cash ISAs, stocks and shares ISAs, innovative finance ISAs and a Lifetime ISA.

Cash ISA

This allows you to save money in a deposit-based savings account.

Stocks and shares ISA

This allows you to put money into a stock market-based investment, such as unit trusts, for the potential of greater returns.

However, the value of investments in stocks and shares ISAs and the income from them may fall as well as rise and is not guaranteed; you may lose part or all of your investment.

Innovative Finance ISA

Lenders can benefit from tax-free* interest courtesy of the innovative finance ISA (IFISA), which will cover loans arranged through peer-to-peer (P2P) platforms.

Lifetime ISA

The Lifetime ISA is available to people under the age of 40. Contributions of up to £4,000 can be made in each tax year** and the government will then provide a 25% bonus on these contributions at the end of the tax year**. The funds can be withdrawn from the age of 60, or before that for the purpose of purchasing a first home.

Please note, we do not offer stocks and shares ISAs, innovative finance ISAs or Lifetime ISAs.

How much can I save in an ISA?

The government limits the amount you can save and invest in ISAs each tax year** (6 April to 5 April the following year).

The annual ISA allowance is £20,000 and you can save any part of, or your whole ISA allowance in a cash ISA, a stocks and shares ISA, innovative finance ISA or a Lifetime ISA or a combination of the four. The following chart illustrates this:

| Per tax year** | Cash ISA | Stocks and Shares ISA | Innovative Finance ISA | Lifetime ISA | Maximum total allowance |
|--|--|--|---|---|-------------------------|
| From 6 April to 5 April each tax year** | Up to £20,000 less whatever you deposit in a stocks and shares ISA, an innovative finance ISA and a Lifetime ISA | Up to £20,000 less whatever you deposit in a cash ISA, an innovative finance ISA and a Lifetime ISA. | Up to £20,000 less whatever you deposit in a cash ISA, stocks and shares ISA and a Lifetime ISA | Up to £4,000. Contributions to a Lifetime ISA count toward the overall £20,000 ISA contribution limit | Up to £20,000. |

Please note once you have paid in your full annual ISA allowance for the tax year**, you can't make any further payments into an ISA of any type until the next tax year**, regardless of any withdrawals you might make.

If you pay into a cash ISA, you will be subscribing to a cash ISA for the current tax year** and you will be limiting the amount of tax efficient savings you can make in a stocks and shares ISA, innovative finance ISA and Lifetime ISA. Where you do not use your full ISA allowance within a tax year**, it cannot be carried forward into the next tax year**.

The tax information provided is based on our current understanding of current law and HM Revenue & Customs practice which can change. Tax treatment depends on an individual's personal circumstances.

What if my contributions exceed the ISA limits in any tax year**?

If you put too much into your Cash ISA we'll return the money to you. How long that takes will depend on how you put it in:

- From another Co-operative Bank account, you'll have the money back the next day.
- Via electronic transfer from another bank, you'll have the money back about four Business Days ^ later.
- By cheque, we'll have to wait for a cheque to clear before we send you the cheque back.

Can I transfer my ISA?

You may transfer a cash ISA into a stocks and shares ISA or an innovative finance ISA.

Some ISA providers may also offer the facility to transfer in any money you have in a stocks and shares ISA or an innovative finance ISA to a cash ISA; we do not currently offer these type of transfers.

- **Transferring in** – You can transfer an existing cash ISA you have elsewhere into a Cash ISA with us by going to our website or by contacting us in branch or on the phone:
 - Your cash ISA with your existing provider may have restrictions relating to ISA transfers out and you may wish to check this before requesting a transfer to us.
 - You will not lose the tax benefits provided you first open a Cash ISA with us. **You must not withdraw the funds yourself to transfer to us as they will lose their tax-free* status.**

If you're transferring the current tax year's** ISA allowance, you must transfer all of the subscription you have already made for the current tax year**. You can, however, open a new Cash ISA with us by transferring previous tax years*** subscriptions of any amount so long as it doesn't contain the current tax year's** subscription.

- **Transferring out** – You can transfer part or all of your Cash ISA to another provider at any time.
You will not lose the tax benefits provided you first open a cash ISA with another provider.
Your new provider should then be asked to contact us to arrange the transfer. **You must not withdraw the funds yourself to transfer as they will lose their tax-free* status.**

What about tax?

- Any interest on money saved in a cash ISA is paid tax-free*, which means completely free of UK income tax, provided all ISA conditions are met.

What if I open a Cash ISA, then change my mind?

- You have a right to cancel your ISA, without giving any reason, for 14 calendar days from the date the account is opened or upon receipt of your welcome letter, whichever is later.
- It's important that you notify us if you change your mind, and don't simply close your account. If you close your account without notifying us that you have changed your mind, any money that you withdraw from your ISA will lose its tax-free* status, and, if repaid back into an ISA, it will count towards your current tax year's** ISA allowance.
- You can cancel by writing to us at ISA Team, The Co-operative Bank, PO Box 4931, SWINDON, SN4 4PL. by calling **03457 212 212*** or by visiting a Co-operative Bank branch.

Registering for telephone banking – allowing you to manage your account by telephone.

To register please call **03457 212 212#**.

The first time you phone telephone banking we will ask you to provide some security information so that we can be sure we are talking to the right person. We will then ask you to register:

- a four-digit security code – numbers that you will easily remember, but are not the same as each other or in sequence (e.g. 1,2,3,4)
- five pieces of what we call 'Secure Personal Information'. After that, every time you phone telephone banking you will be asked to key in the following information on your telephone keypad:
- your eight-digit account number followed by a # (hash)
- your six-digit sort code followed by a # (hash)
- your four-digit security code followed by a # (hash).

Register for online and mobile banking – To register for online and mobile banking at the same time, download the mobile banking app. The app is free, easy to use and available for iOS and Android devices. To download, visit your device's app store and search for 'Co-operative Bank'. Alternatively, visit co-operativebank.co.uk/mobile to download, then follow the app instructions to complete registration. Please be aware that you may incur data charges from your service provider for using the app. The Co-operative Bank mobile banking app is only available in the UK and on mobiles with a dialing code starting 07. We've used independent security experts to test our application to check it's secure.

If you would prefer to register for online banking only, please visit co-operativebank.co.uk/register and follow the instructions on screen.

We're committed to making your banking experience as safe and secure as possible. To find out more about how we protect you, please visit co-operativebank.co.uk/help-and-support/fraud-and-security/

Keeping your information secure

Keeping your personal information confidential is crucial. To protect you, we use a range of strict security measures including the latest encryption technology. Online banking will work on any computer connected to the internet with a suitable web browser/operating system. However, we also strongly recommend you have up-to-date anti-virus software installed on your computer and do not share any passwords or secure information with anyone else.
